MATERIAL SAFETY DATA SHEET HYDROPRO TURF LIQUID

PRODUCT IDENTIFICATION

Product Name: **HYDROPRO TURF LIQUID**

Synonyms: Liquid Wetting Agent

Poisons Schedule: N/A Class: N/A Sub Risk: N/A

UN#: N/A Hazchem Code: N/A

Ingredients: A proprietary mixture of “Surfactant Type” Soil Wetting Agents.

Uses: A wetting agent that effectively decreases water surface tension. This action aids in the re-wetting of dried soils and allows free drainage from water logged soils.

This liquid formulation features immediate action as a top dress application and improve efficacy over the extended time period.

PHYSICAL DATA

Appearance:	Odorless Liquid
Solubility in Water:	Miscible
Boiling Points:	>150°C
Vapor Pressure MM(Hg):	<0.0013kPa
% Volatiles:	NIL
Vapor Density:	N/A
Auto ignition Temperature:	N/A
Flash Point:	>150°C
Specific Gravity:	1.025-1.045
Melting Point:	N/A
Flammability Limit(%):	N/A

HEALTH HAZARD

Ingestion: This material is non-toxic if ingested. Ingestion of large amounts may produce slight gastrointestinal upset and diarrhea.

Eye Contact: Mild Irritant.

Skin Contact: This material is not a skin irritant. Prolonged or repeated exposure may produce some irritant.

Inhalation: Not expected to be a health hazard via inhalation.

Overexposure: None known for this product.

FIRST AID

Ingestion: In case of ingestion, give one to two glassed of water. Seek medical advice.

Eye Contact: Hold eyelids apart and irrigate thoroughly with large quantities of water for 15 minutes.

Seek medical advice if irritation persists.

Skin Contact: For skin contact, wash affected area(s) with soap and water. Seek medical attention if irritation develops.

Inhalation: Not expected to require first aid measures.
